

WHEN THE INDIAN STATE KILLS KASHMIRIS:

- 1 Restrictions on movement in the area
- 2 Internet services blocked
- 3 Tear gas, pellets, and bullets are fired to stop these funerals & protests , injuring civilians
- 4 The police's "version" of the murder criminalizes the victim(s)
- 5 Indian authorities say they will order a probe to "look into the killings"
- 6 NO investigation or prosecution
- 7 Instead, the case is filed against civilian protestors and several are arrested
- 8 Another Kashmiri civilian is KILLED by the Indian state

And the cycles starts again...
